TOWN WARRANT – 2014
TOWN OF SPRINGFIELD, NEW HAMPSHIRE
TOWN MEETING
TUESDAY, MARCH 11, 2014 8:00 A.M. TO 7:00 P.M.
SATURDAY MARCH 15, 2014 9:30 A.M.

Article 1

To choose all necessary Town Officials for the year ensuing and to bring in your votes for Executive Councilor.

NOTE: By law, the meeting must open before voting starts. Therefore, the meeting and polls will open at 8:00 a.m. on Tuesday, March 11, 2014 for the consideration of Article 1. At 12 noon the meeting will recess, but the polls will remain open until 7:00 p.m. The meeting will reconvene at the Town Hall on Saturday, March 15, 2014, at 9:30 a.m. to act on Articles 2 through 6.

Article 2

To see if the municipality will vote to raise and appropriate the sum of up to One Hundred Fifty One Thousand Dollars (\$151,000) (gross budget) to purchase and equip a truck for the Highway Department; said amount to be offset by up to Fifty Two Thousand Dollars (\$52,000) from the unreserved fund balance; and further to authorize the issuance of not more than Ninety-Nine Thousand Dollars (\$99,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and

to determine the rate of interest thereon; furthermore, to raise and appropriate the sum of Fourteen Thousand Three Hundred Fifty Two Dollars (\$14,352) for the first year's payment.

The Selectmen and Budget Committee recommend this appropriation
2/3 Ballot vote required.

Article 3

To see if the municipality will vote to raise and appropriate the sum of up to Sixty Thousand Dollars (\$60,000) for the purpose of a 2014-2015 revaluation of the town. This sum to come from the unreserved fund balance with no amount to be raised from taxation. This will be a non-lapsing appropriation and will not lapse until the revaluation is complete or by December 31, 2016, whichever is sooner.

The Selectmen and Budget Committee recommend this appropriation
Yes or No – Majority Vote

Article 4

To see if the municipality will vote to raise and appropriate the sum of up to Forty Thousand Dollars (\$40,000) for the purpose of exterior carpentry repair and exterior painting at the Town Hall. This sum to come from the unreserved fund balance with no amount to be raised from taxation.

The Selectmen and Budget Committee recommend this appropriation
Yes or No – Majority Vote

Article 5

To see if the Town will vote to raise and appropriate the sum of Three Thousand Four Hundred Forty Dollars (\$3,440) for deposit in the Old Home Day Expendable Trust Fund in accordance with RSA 31:19-a. Said funds to come from the unreserved fund balance with no amount to be raised from taxation; (this represents proceeds collected in 2013 by the Old Home Day Committee).

**The Selectmen and Budget Committee
recommend this appropriation
Yes or No – Majority Vote**

Article 6

To see if the Town will vote to raise and appropriate the Budget Committee recommended sum of One Million, Two Hundred Twelve Thousand Five Hundred and Two Dollars (\$1,212,502) for general municipal operations. This article does not include special or individual articles addressed.

Given under our hands and seal this 11th day of March,
in the Year of Our Lord, Two Thousand and Fourteen.

Donald W. Hill, Chairman
Leigh Callaway, Vice-Chairman
George B. McCusker, III

Springfield Board of Selectmen

Board of Selectmen 2013 Annual Report

The one thing that brings most of us together as we work on the various Town Boards throughout the year is the goal of preserving the small town character of Springfield. Town government seems to be designed to keep the town on a somewhat even keel. The upside is that you can depend on things being fairly stable. The downside is that try as one might - changes tend not to happen very quickly. I've actually become a fan of this more deliberate, almost plodding speed. The bigger the change – the more comfortable I am personally, with proceeding slowly.

We've watched as other small towns in New England have been quick to adopt a major change – only to undo it in a year or two as the repercussions of the changes start to become visible. This past year, the town started moving quickly to overhaul our Wetlands Ordinance. Tremendous progress was made in preparing a much more accurate map of Wetlands and a number of changes to the Wetland Ordinance were proposed as we approached the end of 2013. In January, the Planning Board decided that we would all benefit from lengthening the process for reviewing the changes. The ordinance will affect most of us as we all work to preserve our valuable natural resources. We're still moving too fast for some – and not fast enough for others. It is the nature of the beast.

One thing we did make quick work of this past year were items on our revolving to-do list. We awarded contracts based on sealed bids for a few of the larger jobs, including an energy audit on the Highway Garage and Fire Station building – and a contract to preserve and paint the steeple of the Town Meeting House. The Cemetery Trustees made progress with the repair of several gravestones as well as removing a row of cedars along the edge of the old cemetery that were beginning to threaten the very space they were planted to enhance. We made security system enhancements at various town buildings and had the parking lot at the Town Office paved. The Personnel Manual for Town Employees received an overdue update. Roads receiving shim and seal included Stoney Brook, George Hill, and Town Farm Road. In addition to all the road work, the Springfield Highway Department managed to complete a long list of extra projects including: Repairs to the Ballfield Storage Shed; New handrails on the handicapped access ramp at the Town Office & Library; Restoring drainage behind the Springfield Historical Society Building; and a fresh coat of paint on the Skateboard Park.

Our town is fortunate to have so many people who pitch in where there is a need. Whether that need is helping a neighbor shovel out after a storm or sitting on one of the Town Boards or volunteering for the Fire Department. The team that is employed by the town works hard for you, albeit mostly behind the scenes. Our Police Department often works just as hard to keep troublemakers out of trouble as they do to keep all

of us safe. They all work tirelessly – and even those who receive paychecks for the work they perform are certainly not getting rich. A little recognition and a heartfelt thank you here and there make the tough moments a little easier to deal with.

Respectfully,
Donald Hill, Chairman

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Springfield
Springfield, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, major general fund, and the aggregate remaining fund information of the Town of Springfield as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, management has not recorded the capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets, including infrastructure, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Town of Springfield, as of December 31, 2012, or the changes in financial position thereof for the year then ended.

*Town of Springfield
Independent Auditor's Report*

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major general fund and the aggregate remaining fund information of the Town of Springfield as of December 31, 2012, and the respective changes in financial position and the respective budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Management has omitted a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Springfield's basic financial statements. The combining and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Town of Springfield, New Hampshire (the Town), are presented in conformity with accounting principles generally accepted in the United States of America for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources.

The more significant of the Town's accounting policies are described below.

1-A Reporting Entity

The Town of Springfield is a municipal corporation governed by an elected 3-member Board of Selectmen. The reporting entity is comprised of the primary government and any other organizations (*component units*) that are included to ensure that the financial statements are not misleading.

Component units are legally separate organizations for which the Town is financially accountable. The Town is financially accountable for an organization if the Town appoints a voting majority of the organization's governing board, and (1) the Town is able to significantly influence the programs or services performed or provided by the organizations; or (2) the Town is legally entitled to or can otherwise access the organization's resources; (3) the Town is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the Town is obligated for the debt of the organization. Based on the foregoing criteria, no other organizations are included in the Town's financial reporting entity.

1-B Basis of Presentation

Government-wide Financial Statements – The government-wide financial statements display information about the Town as a whole. These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. The effect of interfund activity has been eliminated from these statements.

The Statement of Net Position presents the financial position of the governmental activities of the Town at year-end. This statement includes all of the Town's assets, liabilities, and net position, with the exception of the capital assets and related accumulated depreciation, which have been omitted because they have not been inventoried at historical cost. Net position is reported as one of two categories: restricted or unrestricted.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different functions of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function, and therefore, are clearly identifiable to a particular function. Program revenues include (1) charges to customers or applicants for goods received, services rendered or privileges provided, and (2) grants and contributions that are restricted to meeting operational requirements of a particular function. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements – The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Financial statements of the Town are organized into funds, each of which is considered to be a separate accounting entity. Each fund has a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized as major funds or nonmajor funds within the governmental statements, with an emphasis placed on the major funds within the governmental categories. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- (a) Total assets, liabilities, revenues or expenditures of that individual governmental fund are at least 10% of the corresponding total for all funds of that category or type;
- (b) Total assets, liabilities, revenues or expenditures of the individual governmental fund are at least 5% of the corresponding total for all governmental funds combined; and
- (c) In addition, any other governmental fund that the Town believes is particularly important to the financial statement users may be reported as a major fund.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

Governmental Activities – Governmental funds are identified as general, special revenue, and permanent funds, based upon the following guidelines:

General Fund – is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purpose other than capital projects.

Permanent Funds – are used to account for resources legally held in trust. All resources of the fund, including earnings on invested resources, may be used to support the Town.

Major Funds – The Town reports the following major governmental fund:

General Fund – all general revenues and other receipts that are not allocated by law or contracted agreement to another fund are accounted for in this fund. This fund accounts for general operating expenditures, fixed charges, and the capital improvement costs that are not reported in other funds.

Nonmajor Funds – The Town also reports three nonmajor governmental funds.

1-C Measurement Focus

Government-wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are susceptible to accrual, that is, when they are both measurable and available. Revenues are considered to be available if they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues (except property taxes mentioned below under Revenues-Nonexchange Transactions) to be available if they are collected within 60 days of the end of the current period. Property taxes, grants and contracts, and interest associated with the current period are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the Town. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Revenues – Exchange Transactions – Revenue resulting from exchange transactions in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On the modified accrual basis revenue is recorded when the exchange takes place in the fiscal year in which the resources are measurable and become available.

Revenues – Nonexchange Transactions – Nonexchange transactions in which the Town receives value without directly giving equal value in return include property taxes, certain fees, grants, and donations. Revenue from grants and donations is recognized in the fiscal year in which all grantor imposed eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Town must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Town on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions also must be available before it can be recognized (Interpretation No. 1, as modified, 60-day rule), with the exception of property taxes which are committed and recognized as revenue in order to offset the liability due the school district to be paid in monthly installments over the next six months. This practice is consistent with the previous years.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

1-D Cash and Cash Equivalents

The Town considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and cash equivalents."

The treasurer is required to deposit such moneys in solvent banks in state or the Public Deposit Investment Pool pursuant to New Hampshire RSA 383.22. Funds may be deposited in banks outside the state if such banks pledge and deliver to a third party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations or obligations of the State of New Hampshire in value at least equal to the amount of the deposit in each case.

1-E Investments

State statutes place certain limitations on the nature of deposits and investments available as follows:

New Hampshire law authorizes the Town to invest in the following type of obligations:

- Obligations of the United States government,
- The public deposit investment pool established pursuant to RSA 383:22,
- Savings bank deposits,
- Certificates of deposit and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the State treasurer.

Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the Town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

1-F Receivables

Receivables recorded in the financial statements represent amounts due to the Town at December 31. They are aggregated into a single receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. They consist primarily of taxes.

1-G Interfund Balances

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "interfund receivables and payables." Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

1-H Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

1-I Net Position Flow Assumption

Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as *restricted net position* and *unrestricted net position* in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider *restricted net position* to have been depleted before *unrestricted net position* is applied.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

1-J Fund Balance Flow Assumptions

Sometimes the Town will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

1-K Revenues and Expenditures

General Revenues - General revenues represent the following: tax revenue recorded when a warrant for collection is committed to the tax collector, motor vehicle fees, licenses, fees, unrestricted grants, investment income and other miscellaneous items recorded when collected/received.

Program Revenues - Amounts recorded as program revenues include; charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a function, and grants and contributions that are restricted to meeting the operational requirements of a particular function.

Property Taxes - Property tax billings occur semi-annually and are based on the assessed inventory values as of April 1 of each year. Billings for the year were due on July 24, 2012 and December 20, 2012. Interest accrues at a rate of 12% on bills outstanding after the due date and 18% on tax liens outstanding.

In connection with the setting of the tax rate, Town officials with the approval of the Department of Revenue Administration, establish and raise through taxation an amount for tax abatement and refunds, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any reserve for uncollectable amounts at year-end. The property taxes collected by the Town include taxes levied for the State of New Hampshire, Kearsarge Regional School District, Eastman Village District, New London-Springfield Village District, and Sullivan County, which are remitted to these entities as required by law.

The Town's net assessed valuation as of April 1, 2012 utilized in the setting of the tax rate was as follows:

For the New Hampshire education tax	\$ 189,250,459
For all other taxes	\$ 199,804,059

The tax rates and amounts assessed for the year ended December 31, 2012 were as follows:

	Per \$1,000 of Assessed Valuation	Property Taxes Assessed
Municipal portion	\$4.26	\$ 851,969
School portion:		
State of New Hampshire	\$2.36	446,276
Local	\$10.60	2,117,364
County portion	\$2.66	531,589
Precinct portions:		
Eastman Village District	\$1.43	17,308
New London-Springfield Village District	\$1.09	10,078
Total		<u>\$3,974,584</u>

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

1-L Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the government-wide financial statements.

1-M Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgments that would normally be liquidated with expendable available financial resources are recorded during the year as expenditures in the governmental funds. Claims and judgments are recorded in the government-wide financial statements as expense when the related liabilities are incurred. There were no significant claims or judgments at year-end.

1-N Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Interfund receivables and payables between funds are eliminated in the Statement of Net Position.

1-O Equity/Fund Balance Policy/Classifications

Government-wide Statements – Equity is classified as net position and displayed in two components:

- a) *Restricted net position* – Consists of net assets with constraints placed on use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- b) *Unrestricted net position* – All other net assets that do not meet the definition of "restricted."

Fund Balance Policy/Classifications – In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific programs. The Town itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance). The classifications used in the Town's governmental fund financial statements are as follows:

Nonspendable – This classification includes amounts that cannot be spent because they are either (a) not in spendable form; or (b) are legally or contractually required to be maintained intact. The Town has classified prepaid items, tax deeded property subject to resale, and the principal portion of permanent funds as being nonspendable.

Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation. The Town has classified its library and the income portion of permanent funds as being restricted because their use is restricted by Federal/State statutes for expenditures.

Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the legislative body (Town Meeting). These amounts cannot be used for any other purpose unless the legislative body removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. Expendable trust and legislative body votes relative to the use of unassigned fund balance at year-end, in addition to other special revenue and police detail funds, are included in this classification.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

Assigned – This classification includes amounts that are constrained by the Town's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Selectmen through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds, except for those that are restricted and the general fund.

Unassigned – This classification includes the residual fund balance for the general fund.

1-P Impact of Recently Issued Accounting Principles

In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASBS No. 63 provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. The Statement of Net Position is renamed the Statement of Net Position and includes the following elements: assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2011.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

2-A Budgetary Information

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. At its annual meeting, the Town adopts a budget for the current year for the general fund. Except as reconciled below, the budget was adopted on a basis consistent with US generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures, and are therefore, reported as part of the assigned fund balance at year-end, and are carried forward to supplement appropriations of the subsequent year.

State statutes require balanced budgets, but provide for the use of beginning unassigned fund balance to achieve that end. In the fiscal year 2012, \$87,307 of the beginning general fund unassigned fund balance was applied for this purpose.

2-B Budgetary Reconciliation to GAAP Basis

The Town employs certain accounting principles for budgetary reporting purposes that differ from a GAAP basis. The Statement of Revenues and Expenditures-Budgetary Basis, presents the actual results to provide a comparison with the budget. The major difference between the budgetary basis and GAAP basis is as follows:

Encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities, but represent budgetary accounting controls. Governmental fund budgets are maintained on the modified accrual basis of accounting except that budgetary basis expenditures include purchase orders and commitments (encumbrances) for goods or services not received at year end. Encumbrances are recorded to reserve a portion of fund balance in the governmental fund types for commitments for which no liability exists.

The following reconciles the general fund budgetary basis to the GAAP basis:

Revenues:	
Per Exhibit D (budgetary basis)	\$1,218,505
Adjustment:	
Basis difference:	
GASB Statement No. 54:	
To record miscellaneous income of the blended expendable trust and library funds	
Per Exhibit C-3 (GAAP basis)	8,652
	<u>\$1,227,157</u>

(Continued)

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

Budgetary Reconciliation to GAAP Basis continued:

Expenditures and other financing uses:	
Per Exhibit D (budgetary basis)	\$ 1,223,327
Adjustment:	
Basis differences:	
Encumbrances, beginning	2,630
GASB Statement No. 54:	
To record expendable trust and library fund expenditures during the year	43,716
To eliminate transfers between general and expendable trust funds	(3,807)
To eliminate transfers between general and library funds	(30,521)
Per Exhibit C-3 (GAAP basis)	<u><u>\$ 1,235,345</u></u>

DETAILED NOTES ON ALL FUNDS

NOTE 3 – CASH AND CASH EQUIVALENTS

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of December 31, 2012, none of the Town's bank balances of \$1,378,946 was exposed to custodial credit risk as uninsured and uncollateralized.

NOTE 4 – INVESTMENTS

Note 1-E, describes statutory requirements covering the investment of the Town funds. The Town also maintains a portfolio of short-term maturity investments that are reported at fair value. As of December 31, 2012, the Town had the following investments:

Certificate of deposit	\$ 61,265
New Hampshire Public Deposit Investment Pool	4
	<u><u>\$ 61,269</u></u>

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. As of December 31, 2012 the Town's investments had the following maturities:

Type of investment:	Fair Value	Investment Maturities (In Years)
Certificate of deposit	\$ -	1-5 \$ 61,265
New Hampshire Public Deposit Investment Pool	4	-
	<u><u>\$ 4</u></u>	<u><u>\$ 61,265</u></u>

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

NOTE 5 – TAXES RECEIVABLE

Taxes receivable represent the amount of current and prior year taxes which have not been collected as of December 31, 2012. The amount has been reduced by an allowance for an estimated uncollectible amount of \$13,782. Taxes receivable by year are as follows:

Property:	
Levy of 2012	\$ 264,435
Unredeemed (under tax lien):	
Levy of 2011	91,232
Levy of 2010	48,520
Levies of 2009 and prior	10,421
Less: allowance for estimated uncollectible taxes	(13,782)
Net taxes receivable	<u>\$ 400,826</u>

NOTE 6 – INTERFUND BALANCES

The composition of interfund balances as of December 31, 2012 is as follows:

Receivable Fund	Payable Fund	Amount
General	Nonmajor governmental	<u>\$ 3,015</u>

The outstanding balances among funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

NOTE 7 – INTERGOVERNMENTAL PAYABLES

Amounts due to other governments of \$951,943 at December 31, 2012 consisted of the following:

Balance of 2012-2013 district assessment due to the Kearsarge Regional School District	\$951,214
Town clerk fees due to the State of New Hampshire	729
Total intergovernmental payables due	<u>\$951,943</u>

NOTE 8 – LONG-TERM LIABILITIES

Changes in the Town's long-term obligations consisted of the following for the year ended December 31, 2012:

	General Obligation Note Payable
Balance, beginning	\$ 91,885
Additions	-
Reductions	(47,084)
Balance, ending	<u>\$ 44,801</u>

Long-term liabilities payable are comprised of the following:

	Original Amount	Issue Date	Maturity Date	Interest Rate %	Outstanding at December 31, 2012	Current Portion
General obligation note payable:						
Fire truck	\$ 222,621	2008	2013	3.9	<u>\$ 44,801</u>	<u>\$ 44,801</u>

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

The final payment on the note payable is due in 2013 and consist of \$44,801 principal and \$878 interest, for a total of \$45,679.

All debt is general obligation debt of the Town, which is backed by its full faith and credit, and will be repaid from general governmental revenues.

NOTE 9 – GOVERNMENTAL FUND BALANCES

Governmental fund balances reported on the fund financial statements at December 31, 2012 include the following:

Nonspendable:		
Major fund:		
General:		
Prepaid items	\$ 11,300	
Tax deeded property, subject to resale	19,947	
	<u>31,247</u>

Total governmental fund balances	<u>\$ 857,250</u>	

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

NOTE 10 – EMPLOYEE RETIREMENT PLAN

The Town participates in the New Hampshire Retirement System (the System) which is the administrator of a cost-sharing multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Provision for benefits and contributions are established and can be amended by the New Hampshire Legislature. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

The System is financed by contributions from both the employees and the Town. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. For fiscal year 2012, all employees except police officers and firefighters were required to contribute 7% of earnable compensation. The contribution rates were 11.55% for police officers and 11.80% for firefighters. The Town's contribution rates for 2012 for pension and medical subsidy were as follows; police officers 19.95%; firefighter, 22.89%; all other employees, 8.80%.

The contribution requirements for the Town of Springfield for the fiscal years 2010, 2011, and 2012 were \$20,309, \$24,954, and \$26,981, respectively, which were paid in full in each year.

NOTE 11 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2012, the Town was a member of the Local Government Center Property-Liability Trust, LLC Workers' Compensation and Property/Liability Programs. This entity is considered a public entity risk pool, currently operating as common risk management and insurance programs for member Towns and cities.

The Local Government Center Property-Liability Trust, LLC, is a Trust organized to provide certain property and liability insurance coverages to member Towns, cities and other qualified political subdivisions of New Hampshire. As a member of the Local Government Center Property-Liability Trust, LLC, the Town shares in contributing to the cost of, and receiving benefits from, a self-insured pooled risk management program. The membership and coverage run from July 1 to June 30. The program maintains a self-insured retention above which it purchases reinsurance and excess insurance. This policy covers property, auto physical damage, crime, general liability, and public officials' liability subject to a \$1,000 deductible.

Contributions paid in fiscal year ending December 31, 2012, to be recorded as an insurance expenditure totaled \$17,814. There were no unpaid contributions for the year ended December 31, 2012. The Town also paid \$11,253 for workers' compensation for the year ended December 31, 2012.

NOTE 12 – CONTINGENCIES

The Town participates in various federal grant programs, the principal of which are subject to program compliance audits pursuant to the Single Audit Act as amended. Accordingly, the government's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the government anticipates such amounts, if any, will be immaterial.

NOTE 13 – IMPLEMENTATION OF NEW GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements:

GASB Statement No. 61, *The Financial Reporting Entity: Omnibus and Amendments of GASB Statements No. 14 and No. 34*, issued November 2010, will be effective for the Town beginning with its fiscal year ending December 31, 2013. This Statement is intended to improve financial reporting for a governmental financial reporting entity by improving guidance for including, presenting, and disclosing information about component units and equity interest transactions of a financial reporting entity.

TOWN OF SPRINGFIELD, NEW HAMPSHIRE
NOTES TO THE BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2012

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, issued March 2012, will be effective for the Town beginning with its fiscal year ending December 2013. This Statement is intended to improve financial reporting by clarifying the appropriate use of the financial statement elements deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting.

GASB Statement No. 66, *Technical Corrections – 2012 – An Amendment of GASB Statements No. 10 and No. 62*, issued March 2012, will be effective for the Town beginning with its fiscal year ending December 31, 2013.

GASB Statement No. 67, *Financial Reporting for Pension Plans*, issued in June 2012, will be effective for the Town beginning with its fiscal year ending December 31, 2014. The guidance contained in this statement will change how governments calculate and report the costs and obligations associated with pensions in important ways. This replaces the requirements of Statements No. 27 and 50.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, issued in June 2012, will be effective for the Town beginning with its fiscal year ending December 31, 2014. The guidance contained in this statement will change how governments calculate and report the costs and obligations associated with pensions in important ways. This replaces the requirements of Statements No. 27 and 50.

NOTE 14 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date, but before the financial statements are issued. Recognized subsequent events are events or transactions that provided additional evidence about conditions that existed at the balance sheet date, including the estimates inherent in the process of preparing the financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the balance sheet date, but arose after the date. Management has evaluated subsequent events through October 28, 2013, the date the December 31, 2012 financial statements were issued, and no events occurred that require recognition or disclosure.

COMBINING AND INDIVIDUAL FUND SCHEDULES

Report of Cemetery Commission Springfield, NH – 2013

Report of the Cemetery Account

Balance, 12/31/12	\$1,039.67
Expended	\$ (751.00)
Balance, 12/31/13	\$ 288.67

In 2013, the Springfield, NH Cemetery Commission met monthly from April through November. The needs of maintaining the grounds and identifying those stones and monuments most in need of repairs took the commission to Pleasant View Cemetery several times, but most meetings were held in the Town Office Building.

In the spring, the Commission welcomed Tim Hayes to the board. At Frank Anderson's request, Tim agreed to learn to sell cemetery plots to townspeople, with Chuck Moore serving as backup in that role.

Major 2013 projects for maintenance in the upper section included: replace a stolen iron gate (by Henry Bresnahan); repair the large Philbrick monument; remove invasive plants from the pound; begin work on righting and repairing the leaning and broken stones. In November, the commission hired New England Gravestone Repair to work on those stones closest to falling. This work will continue for the next several years, as the budget allows.

Focusing on the lower section, Frank asked that the town consider leveling out the steep bank to the west of the parking area. He emphasized that the commissioners should learn how all plots are arranged and numbered. Tamara Butcher worked up a computer-generated map of the lower section, which Chuck put onto paper. A regulation preventing vehicle traffic, except by handicapped visitors, was also adopted at Frank's suggestion.

The Commission commended Frank Anderson for his loving care of Pleasant View Cemetery as an asset to our town again this year.

Respectfully submitted,
Dale T. Milne, Chairman

Ausbon Sargent Land Preservation Trust

The mission of the Ausbon Sargent Land Preservation Trust (Ausbon Sargent) is to protect the rural landscape of the twelve towns of the Mt. Kearsarge/Mt. Sunapee region. Since its founding in 1987, Ausbon Sargent has completed 126 projects and protected 10,329 acres – including nine working farms and seven miles of lake frontage. All of these conservation lands must provide for some public benefit and two-thirds of these properties offer public access. These properties are privately owned and their owners continue to pay property taxes on their land.

During 2013, Ausbon Sargent completed 6 projects throughout the region. The Patten Conservation Easement on George Hill Road in Springfield comprising 46.6 acres was one of these properties. The Patten property is primarily undeveloped and consists of a mix of fields and forest. It contains prime agricultural soils which are rare in the state of

New Hampshire. The property is listed as Supporting Landscapes under the 2010 Wildlife Action Plan. It also falls within the buffer for New

Hampshire Fish and Game's McDaniels Marsh with one intermittent and one perennial stream that flow across the property into the marsh. To insure the protection of the water quality of McDaniels Marsh, N.H. Fish and Game listed the property as a target

for conservation. In addition to its conservation benefits, the Patten property also provides scenic enjoyment to the public traveling along George Hill Road. The protection of the Patten property was made possible by the combined efforts of many friends, community members and partners, including the NH Land and Community Heritage Investment Program (LCHIP) and the Springfield Conservation Commission.

Another Springfield project that was completed this year was the 124 acre Baptist Pond Trust-East easement. This conservation easement is the second easement donated by the Hodges and Garfield families on Baptist Pond and includes ½ mile of shore front on the east side of the pond. The

property also shares one mile of its boundary with the Star Lake Farm conserved property and adds to the 2,100 acres of contiguous land conserved in the

southern part of Springfield. This significant block of forestland, farm fields, ponds, lakes and wetlands provides important wildlife habitat for many species, including the nesting loons on Baptist Pond and Star Lake. The property provides scenic views from Interstate 89 and Stoney Brook Road. The generosity of the Hodges and Garfield families, the Lake Sunapee Protective Association, the Springfield Conservation Commission and many private donors helped to make this project possible.

Ausbon Sargent is pleased to have over 200 volunteers (many from Springfield) providing year-round support for easement monitoring, committee assignments and other work. We are grateful for our loyal and giving members who provide financial support and the countless hours which have assured our success. If you would like to join us in protecting the special places in our area, you could become a conservation easement donor, support Ausbon Sargent financially, volunteer your time, and encourage our town officials to conserve our rural character by supporting land conservation. To learn more about land projects and events, please visit the website at www.ausbonsargent.org or stop by the office at 71 Pleasant St, New London.

Sincerely,
Cynthia Hayes
Springfield Ausbon Sargent Outreach
Representative

BAPTIST POND PROTECTIVE ASSOCIATION

The Baptist Pond Protective Association seeks to promote healthy lake practices that protect the pond, its flora and fauna, and the surrounding watershed. With the support of the lab at Colby-Sawyer we take regular water samples from June to September. Members also participate in local groups and keep abreast of local and state developments that may affect the health of the pond.

Water testing this past year shows that the quality of the lake remains generally healthy, with no surprising spikes in sample results. We do, however, continue to find high levels of conductivity at the brook inlets, at the outlet, and in-lake at the deep spot sampling sight—due primarily to high levels of salt run-off during the spring and general road runoff at other times. We also find sporadic elevations in phosphorous levels, depending on weather, due to stormwater run-off and nutrient-laden sediments feeding into the pond from Stoney Brook and McAlvin Brook.

We're happy to announce that the latest conservation easement on the pond was completed in November 2013. Following an earlier donation of 6.54 acres, the Baptist Pond Trust has donated a 124-acre tract called Pitcher Hill to the Ausbon Sargent Land Preservation Trust. This tract, which abuts the extensive easement given by Star Lake Farm (1,559 acres), protects over ½ mile of shoreline along the eastern side of the pond; its steep slopes and undisturbed forestland are home to bear, deer, moose, turkey, bobcat, and coyote.

Together these easements now protect over half the pond's shoreline along its western, northern, and eastern shores, offering roughly 8,600' of woodland buffer that remains a haven for herons and offers a family of loons a quiet nesting ground for its young.

We will hold our annual meeting this year on Saturday, August 2, 2014 at 10am. We welcome neighbors and friends. For further information please contact myself, or one of the other officers of the Association.

Respectively submitted on behalf of the
Association,
Perry Hodges, President

37 Pleasant Street, New London NH 03257

COA's motto in fulfilling its basic mission is "People Helping People".

COA's success is found in thousands of individual, often personal,

stories of how individuals have been positively impacted and its volunteer work force who make it all possible.

COA provides multiple ongoing opportunities for area seniors to get out and participate in activities and programs which keep their minds and bodies in action

and improve the quality of their lives. **COA Chapin Senior Center operates on a \$200,000 budget each year.** COA relies on private donations from members and businesses for 70% of its operating funds. The remaining 30% comes from the nine towns it serves.

COA's ability to keep its budget very low is due to its large workforce of volunteers. Currently COA has 200 active volunteers who run all of the programs offered, act as receptionists, data entry clerks, drivers, instructors, etc. Because of our excellent volunteers we are able to offer so many programs and services for no cost to anyone who participates.

In 2013 COA volunteers drove members from the nine town area 40,000 miles. COA's volunteer transportation program

provides door through door service to people who are unable to drive, all this at no charge and with no reimbursement to the volunteers.

COA has a thriving senior center with over 54 programs. The center is open M-F 9-4. Come for exercises, Medicare questions, attend an enriching educational program, or just have coffee with friends! A full library and video library awaits – a multitude of volunteer opportunities and most importantly a community of people who care about each other.

COA is making significant contributions to the health, well being and quality of life of senior residents in the area and they value these services as evidenced by the high

membership and the thousands of valuable hours of volunteer time they are willing to give.

Sincerely,

Hardy Hasenfuss
Chairman

Springfield Conservation Commission 2013 Annual Report

In 2013, the Springfield Conservation Commission was involved in a number of conservation projects. One of these was working with the Planning Board on the Springfield Wetlands Project. The Planning Board will be providing information about this project at several public meetings this year, and we encourage everyone to attend these meetings to learn more about this important initiative.

On the first Saturday in May, we coordinated trash pick-up on Green Up Day. Sincere thanks are extended to all the volunteers who gathered and bagged the roadside refuse and to the Springfield Highway Department for their support and assistance in this endeavor.

At the Old Home Day Celebration, the Commission provided information and displayed preliminary maps about the Wetlands Project. Native crabapple seedlings were given to interested citizens, and once again the animal skins from the NH Fish & Game Department provided fun for both adults and children.

The Commission supported the Ausbon Sargent Land Preservation Trust to help secure a conservation easement protecting a portion of the north side of Baptist pond.

The Commission also worked with the town's police officers to address the destructive use of off-road vehicles on town owned lands.

The Commission continues to work on developing Forest Management Plans that will enhance wildlife habitat and provide revenue for the town through periodic timber harvesting. To do this, CC members have spent considerable time out in the field identifying lot boundaries and gathering as much information as possible about the lots.

In October, Dode Gladders, Sullivan County Forester, and Matt Tarr, UNH Cooperative Extension Wildlife Specialist, went out with CC members to the Kinsley and Brook lots to offer suggestions as to how these lots could be sustainably managed for both wildlife habitat and timber harvests. The current plan is to conduct a timber sale on the Kinsley lot with the goals of revenue for the town, improved wildlife habitat, and additional recreational opportunities for town residents.

The Commission looks forward to a productive 2014. The Commission meets on the first Thursday of each month and all meetings are open to the public.

Respectfully submitted,
Bruce Allen, Chairman
Ken Jacques, Daphne Klein, Bob Ruel,
Jane Seekamp, Cynthia Bruss (alternate)
and Patricia Shaw-Allen (alternate).

Springfield Fire & Rescue 2013 Annual Report

The past year Fire and Rescue responded to 128 Fire and EMS calls with 20 active members, along with our Explorer program members. We currently have 3 members enrolled in classes. Dale Reynolds will be finishing Firefighter level 1, Amy Kendall is working on her A-EMT, and Deborah Jones will be finishing her EMT B. Several members of the department participated in Stevens Advanced Driving Training that was hosted by the Local Government Center (Concord, NH) last summer.

This past year the fire department's Rescue Truck Committee was able to come up with a truck that would fit the needs and budget of the town. A 2013 Ford F-550 crew chassis with a 12' box was built in Corbin, Kentucky. Three of the members volunteered their time to fly down and drive the rescue back to Springfield. For the next several weeks, members worked on installing shelving, tools, forestry hose, and other accessories.

I would like to take this opportunity to congratulate two of our members; Jack Hedges and Wayne LaCaillade who were hired as career fire fighters and thank them for their continued service to the department. I would also like to thank the residents of Springfield for their support throughout the year, along with the town agencies and mutual aid towns.

Respectfully submitted,
Peter LaCaillade
Fire Chief

Safety tip: Test smoke alarms at least once a month and replace conventional batteries once a year or when the alarm “chirps” to tell you the battery is low. Replace any smoke alarm that is more than 10 years old.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

This past fire season started in late March with the first reported fire on March 26th 2013. April, which is the traditional start to our spring fire season, started very dry with little measurable precipitation until the middle of the month. Approximately 70% of our reportable fires occurred during the months of April and May. The largest fire was 51 acres on April 29th. 81% of our fires occurred on class 3 or 4 fire danger days. By mid May, extensive rains began which provided us with a very wet summer overall. We had a longer fall fire season due to drier than normal conditions

following leaf fall. Fortunately most of these fires were small and quickly extinguished. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2013 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org.

Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

ONLY YOU CAN PREVENT WILDLAND FIRE

Springfield Garden Club Annual Report 2013

Now in its third year, the Garden Club accomplished several projects aimed to please the eye and improve public gardens around Town. You may have noticed that a portion of land in front of the Recreation Field was dug up in the late summer of 2013. The Garden Club asked the Town if it would assist them by digging up that area and bringing in some loam so that planted perennials could thrive. Thanks go to the Town road crew for doing a great job in getting this task started. The plan is to tackle the project in several stages so over the next few years there should be beautiful flower gardens in front of the Recreation Field.

Hopefully you also noticed the two new “adopt a highway” signs crediting the Garden Club with the periodic cleaning of a two mile stretch of road from “Kezar Corner” to I-89. Now we can all enjoy driving that road less the trash. The State “adopt a highway” program requires a minimum of four clean-ups per year and is a great way for a group of people or organization to help keep our highways looking great.

This year the Club placed decorative whiskey barrels along Main Street starting from the Post Office and heading towards New London. The barrels were planted with colorful seasonal plantings. Additionally the Club was responsible for the seasonal plantings beneath the Flag Pole and Town Sign on the lawn in front of the Town Office Building.

Finally, if you've missed any of the fund raisers held throughout the year you could be missing out on some fine pies baked by our members. Look for our periodic pie sales and annual plant sales.

The Club meets monthly and has periodic work sessions during the growing season. We welcome new members. Please feel free to contact Susan Chiarella at 763 4661 or Pixie Hill at the Town Office.

Respectfully,
Susan L. Chiarella, President

Highway Department Report

This year we got many projects done from the project list. We installed new handrails on the handicap ramp at the town office. The shed in the ball field was painted as well as the skateboard ramps in the park. Trees were taken down behind the historical building and drainage work was done as well.

A lot of time was spent putting gravel on some of our dirt roads and we are hoping to do more this summer.

There was some work done on Town Farm Road which included grinding and reclaiming a section on the lower end. Ditching and shim coat was also done.

We dug out rocks and put a shim coat on a section of Stoney Brook Road.

We were also able to take down some of the hazardous trees, however there are many more to go.

I would like to first and foremost thank Clint Rowell and Tim Hayes for all their hard work. I would also like to thank Frank Anderson for the great work he does in our cemeteries.

I am hopeful that this summer we will be able to continue to get a lot more of this work done.

Thank you
Peter Abair, Road Agent

Springfield Historical Society Annual Report - 2013

The Springfield Historical Society survived a major transition in 2013. Our Secretary, Lailia Jonsson, moved out of the state and our President, Patsy Caswell, retired. Fortunately, Allison Angus came on board in July and very professionally assumed the duties of secretary. However, replacing Patsy required several board members to step up to the plate and help pull together the quarterly newsletters. We are well aware of Patsy's significant contributions to the Society over the past many years including long hours photographing and cataloging gravestones at the cemetery. We warmly extend our gratitude to her.

Four programs through the Humanities Council were presented during the year. In January Kevin Gardner presented "Discovering New England Stone Walls"; in April Bob Cotrell presented "Harnessing History: On the Trail of New Hampshire's State Dog, the Chinook"; in July author Michael J. Tougias presented "Overboard! A True Bluewater Odyssey of a NH Man's Survival"; in October Jeff Warner provided "Songs of Old NH". The programs were well attended and we encourage you to join us in the future.

The Scholarship Committee awarded three scholarships this year: one each to Sarah Beattie, Justin Lamphear, and Katlyn Wyatt.

At the museum, filing and labelling continued during the summer months. A Colby family bible found by Cynthia Nute during a trip to Springfield

was received in addition to a huge Sanborn genealogy. Received also were priceless Knights of Pythius items sent by Pat Price. The entryway plaques were updated, the flagpole scraped and painted, lilies planted by the Garden Club, and a hydrangea planted to replace a dying lilac. Furthermore, several large binders that haphazardly contained the records of the Society since its inception were reorganized and labelled. The museum is open on Saturdays during the summer and we invite you to stop by.

President, Janet Booker;
Vice-President, Donna Denniston;
Secretary, Allison Angus;
Treasurer, Tamara Butcher;
Board Members: Trudy Heath, Janet LeBrecht, and
Alice Nulsen.

Upper Valley Lake Sunapee
Regional Planning Commission

ANNUAL REPORT 2013 FOR THE HOUSEHOLD HAZARDOUS WASTE COMMITTEES

The Upper Valley Lake Sunapee Regional Planning Commission established a website to represent both the Upper Valley Household Hazardous Waste Committee and the Greater Sullivan County Household Hazardous Waste Committee. This regional website (hhw.uvlsrpc.org/) provides educational outreach, nontoxic alternatives to typical toxic products, and the schedule for upcoming household hazardous waste and unwanted medicines collections. Municipalities are encouraged to provide a link to this web site from their own municipal web site. Contact Victoria Davis at 448-1680 for more information.

Educational Events: The Household Hazardous Waste Committee's Home Show booth in March 2013 featured information on avoiding the purchase toxic products. Committee members also helped citizens make nontoxic cleaners at the Love Your Lake Day in Sunapee, Unity Old Home Day, and the Lebanon Farmer's Market.

Household Hazardous Waste Collection Support: Both committees provided volunteer support at the collections keeping waiting times

short and residents informed: May 18 and September 21 at the Lebanon Landfill, June 15 in Newport and August 17 in Newbury. We also held our first “satellite” collection for the Town of Piermont in September. Over 700 households attended all collections at a cost of \$45 per household.

Unwanted Medicine Collections: Dartmouth-Hitchcock Medical Center Pharmacy partnered with the Committees and UVLSRPC to provide unwanted medicine collection at the Lebanon collections.

KRSD School Board Representative

Hi Springfield Neighbors,

2013 proved to be a very busy year in our school district with the implementation of many new programs. The most noteworthy of the programs was full day kindergarten. While the roll out of the program may have had a few hiccups, the overall feedback the district has been receiving is very positive and the little ones have settled in nicely to the longer school day.

I want to thank the town's people for allowing me to represent Springfield on the School Board this past year and I look forward to 2014 being another successful year.

Best Regards,
Todd M. Fleury,
KRSD School Board
Representing Springfield, NH.

Kolelemook Lake Protective Association

The Kolelemook Lake Protective Association (KLPA) is dedicated to protecting the water quality of Lake Kolelemook. Anyone who uses and enjoys this beautiful lake is invited to become a member and help us with our mission! The KLPA currently focuses its efforts in two areas: maintaining the quality and purity of the lake's water through regular water testing and keeping invasive plant species out of the lake. Membership dues pay for the programs that are essential for these efforts.

Water Quality Testing: In the water testing program, KLPA volunteers go out on the lake four times a year to collect water samples from different parts of the lake. These samples are then brought to a lab for analysis in ten different categories. The KLPA has been recording this data since 1987, allowing us to monitor trends and ensure that the quality of the water remains high. We are happy to report that Kolelemook's water quality continues to be very good. Special thanks go to Jerry Cooper for all the time he continues to devote to this very important work.

Lake Host Program: Volunteer and paid lake hosts are on duty at the boat launch every weekend from June through Labor Day to provide information about the dangers of invasive plant and animal species and to perform courtesy boat inspections, which involve checking boats for fragments of invasive plants. We are trying to get the word out to all boaters to "clean, drain, and dry" their boats and equipment each time they go out.

Invasive aquatic plants (especially variable milfoil) pose a tremendous danger to lakes, because once they take hold, they are almost impossible to eradicate. Controlling their spread is very expensive, and if not controlled, the plants form dense mats that can cover the surface of a lake. 80 water bodies in NH (including Mascoma Lake and Lake Sunapee) now have infestations of invasive aquatic plants, and the number increases every year. Most invasives enter lakes by having been carried in on a water craft that has come from an infested lake or river.

Weedwatchers Program: As an adjunct to the lake host program, KLPA volunteers are assigned to a particular section of the lake which they check each month, looking for any plant species that is not known to be native to Kroleemook. Unfamiliar specimens are sent to the DES lab in Concord for identification. Fortunately all the specimens we have sent in so far have been determined not to be invasive species. And we are determined to do our best to keep it this way!

For more information about the KLPA's activities or membership, please come to one of our meetings (held in June and August), stop by the KLPA table at Old Home Day, or contact any one of the KLPA's officers.

Daphne Klein, President
Bruce Allen, Vice President
Cheryl Lawson, Secretary
Jerry Cooper, Treasurer

January 2014

Dear Friends:

On behalf of all staff, volunteers and the trustees of Lake Sunapee Region VNA and Hospice (LSRVNA), thank you for the opportunity to provide home health and hospice services, long-term care and community health services in Springfield.

Our Mission remains unchanged; LSRVNA personnel strive to support the dignity and independence of all Springfield residents. As in previous years, the LSRVNA Board of Directors has pledged that, within its financial resources, we will continue to provide your community with all our services, except for long-term private duty care, regardless of insurance coverage or any individual's ability to pay for care.

I am pleased and grateful to report that, for the 12-month period ending Sept. 30, 2013, LSRVNA employees:

- Provided 2,147 hours of nursing, therapy and in-home supportive care to 59 residents;
- Provided 1,747 in-home nursing, therapy and social work visits to these residents. 78 visits were provided without any remuneration to LSRVNA. 141 visits were provided under various Medicaid

programs. NH Medicaid reimburses LSRVNA at less than 60% of visit cost;

- Five residents received 415 visits through our hospice program and, thanks in part to our support, they were able to spend their last days at home. Their families and loved ones are provided bereavement support and counseling at no cost; and
- 96 Springfield residents utilized foot care, flu and blood pressure clinics as well as parent child, bereavement and other support groups.

LSRVNA staff remain committed not only to individual health and well-being, but to fostering community support and involvement which enables residents to help their friends and neighbors. Please do not hesitate to call me at 526-4077 if there is any way that we may be of service to you, your friends, or loved ones or if you have an idea how we can help foster the overall health and well being of the our community.

Sincerely,

Scott Fabry, RN
President and CEO

The biggest news this last year has been the introduction of an on-line newsletter for the library which lists the new movies and books purchased the previous month, alerts readers to coming events, has a monthly recipe for folks to try out, and lets people request books or movies that they would like the library to get for them (as well as other cool features). This is all thanks to Hayden Keene who designed and updates the newsletter each month.

Thanks, as always, have to go to our volunteers who keep the library open. We've had quite a turnover this last year so if I inadvertently miss someone, please accept my apologies. We have Sally Allen, Pete & Alison Angus, Greg Bruss, Happy Callaway, Bill & Kathy Coombs, Barbara & Gerald Cooper, Sue & John Dargie, Joyce Guinther, Trudy Heath, Pat & Dave Keay, Dave Landers, Amanda Lauster, Kris Lee, Kathy Mason, Alice Nulsen, Jordan & Laura Patten, Mariyln Priest, Terry Smith, Bill Sullivan, Nancy Vandewart and Marie Wheatley to thank for manning the desk.

One very pleasant surprise this year was the donation of some stock, given so that the library could sell it and use the money for our Scholarship Fund. A gift to the library is tax deductible. We are not a 501(c)3 but, as part of the municipal entity, we are a 501(c)1 and you can legally give and write it off just as if we were a 501(c)3. (Hint, hint.) And speaking of the Scholarship Fund, this last year we had three winners, Sarah Beattie, Justin Lamphear and Katlyn Wyatt. Congratulations to them. Don't forget, if you're thinking of applying for this year, applications must

be in or postmarked no later than April 30th.

Thanks to Caye Currier, the Friends of the Library has been reinvigorated and is in the process of applying for 501(c)3 status, although it will take a while for the IRS to grant it.. If you want to join, contact Caye or let the library know you're interested.

So what else is new? Well, with the help of the Friends, we are hoping to join the state wide consortium for e-books so that anyone in town, who has an e-reader, will be able to download books from the State Library's collection of downloadable books. Not all books are available, there is a waiting list for some, and you only have them for a limited time before they disappear from your device but it seems like it's worth trying at least for a year to see how it goes.

The Ramble Round the Lake was fun and successful and we might do that again as part of Old Home Day. The Rug Hooking program was filled to capacity once again and is now an annual event. We would love to put on more programs so if you have ideas let us know. Do you have some area of expertise, knowledge or just plain enthusiasm about something which you would like to share with others? If so, get in touch with us.

Lastly, to save money, we would love it if patrons would give us email us at (libbiecass@gmail.com) this way we can email out reminders when books are overdue. The postage costs mount up and it would be great if we could use that money for something else.

Steve Klein, Librarian

Patriotic Services

The Memorial Day Service went off as well as could be expected due to the inclement weather. I thank everyone for their support as we moved the program inside this year. I also would like to thank New London Post 40, Unit 40 and Squadron 40. Without their participation the program would not be possible.

Thank you to Leigh Callaway and Ken Butcher who took over putting out the flags on Main Street.

The Memorial Day Veterans spaghetti dinner was a huge success and I am again asking for volunteers and donations for the coming year. All proceeds go to local programs including the American Legion.

I feel it is time to pass the position of Master of Ceremonies on to someone else for the Memorial Day Services, though I will continue to support and coordinate the program thru the American Legion.

Thank you,

Frank Anderson

Planning Board

The Planning Board spent this year overseeing the work on the Wetlands mapping, helping businesses in town determine their classification, completing work on the Capital Improvement Plan, and doing consultations, site plan reviews, and subdivisions.

While the work on the wetlands project was the most visible, the work on the Capital Improvement Plan may have the biggest long-term impact on the town. The meeting that drew one of the highest attendances of the year was when we started consultations with resident business owners who were checking to see what level of zoning regulation their business fell into.

The work on the protection of wetlands will continue. The data received through the mapping will be merged with the results from the wetlands subcommittee into proposals that the Planning Board will bring to Town Meeting next year.

A big thank you to all the members of the Planning Board and the Capital Improvement Plan Subcommittee for their efforts for the town.

Respectfully submitted,

Kevin R. Lee, Chair
Springfield Planning Board

Springfield Police Department 2013 Annual Report

Do unto others as you would have them do
unto you. – Luke 6:31

2013 was a busy year! The numbers of burglaries were down with only three reported, however the numbers of thefts seem to have increased. All but two thefts have been solved. While investigating one of the unsolved thefts, information was developed that yielded a conviction for a theft that occurred in the neighboring town of Sunapee; that young man is now in prison. The rate of recurrence of actual drug arrests is down, but it appears ninety percent of the thefts and burglaries are committed by people looking to make money to obtain illegal narcotics.

This year, the police department has dealt with everything from persons requiring emergency hospitalization for mental health issues, to dogs biting other dogs. Police calls have run the gamut from a stolen four-wheeler (recovered in Unity, NH) to a daytime burglary where a spool of coaxial wire was stolen from a mudroom.

You have reported, or we have discovered and investigated suspicion calls from Oak Hill to Shad Hill to Philbrick Hill to Deer Hill – from the Bog to the Marsh, and from George Hill to Georges Mills. We appreciate all calls no matter how small they may seem. Minimizing suspicious activity usually leads to missed law enforcement opportunities.

Sergeant Beaulieu and I have performed functions as varied as prosecuting criminal cases, of which we still have a remarkable one-hundred percent conviction rate, to judging the Pie Eating Contest at Old Home Day.

In starting my fifteenth year as your Chief of Police I have, and will continue to do my best to keep operating and equipment costs down. For example, The National Institute of Justice mandates protective body armor should be replaced every five years. Since 1999, the town has only paid for half a vest; the other monies have been raised through grants, gifts, and donations. This has saved the town over \$4,000. Our patrol rifles, handguns and Tasers have all been obtained with no cost to the town at a savings of over \$7,000.

Add to this list, rugged laptop computers, emergency lighting, Town Office security monitoring equipment and communications equipment, to include portable radios and a cruiser radio repeater system. All totaled, the department has been able to provide the town with over \$27,000 worth of equipment during the course of my tenure. This total does not include all the training obtained for Sergeant Beaulieu and me over the years, free of charge.

Thank you for allowing both Sergeant Beaulieu and myself to serve you and this very close-knit community.

Respectfully submitted,
Timothy T. Julian
Chief of Police

Police Department Statistics

Accidents	30
-----------	----

This includes both reportable (accidents where combined damage is over \$1000, there is personal injury or there is property damage) and non-reportable accidents.

Incidents	25
-----------	----

Some examples are: burglaries, drug arrests, fraud, violations of probation and a squatter.

Calls for Service	683
-------------------	-----

Some examples are: alarms (70), 9-1-1 hang-up calls (11), dog and animal calls (28), numerous calls where other police departments and town agencies asked for help, civil issues (16), vandalism (14), domestic disturbances (9), harassment (10), missing persons, pistol permits, suspicion (40), and trees on electrical wires (15).

Citations/Warning	278
-------------------	-----

Some examples are: motor vehicle violations such as stop sign, speed and inspection violations.

Our Commitment; Our Community

Recreation and Old Home Day Committees

The Recreation and Old Home Day Committees would like to thank all the volunteers that helped to make our events possible this past year. Our 5th Annual Old Home Day and Protectworth Highland Games was another huge success due to the numerous volunteers and donations from residents of Springfield and surrounding businesses. We look forward to another successful year of fun community events in Springfield!

In addition to Old Home Day, some of our activities in 2013 included a Ham and Bean Dinner, Easter Egg Hunt, Halloween Party, Father-Daughter Dance, Springfield's Got Talent Show, monthly movie nights, and Holiday Craft and Bake Sale. The Committee plans to continue holding these events in 2014 and we are always open to new ideas!!! New volunteers are always welcome and in great need this year (meeting attendance is not mandatory for volunteers)! For more information on meetings and events, e-mail me at nyla44@gmail.com

We look forward to seeing you at the 6th Annual Old Home Day Celebration and Protectworth Highland Games Saturday, July 12, 2014.

Respectfully Submitted,

Nyla Waddell- Recreation/Old Home Day Chair

Sunapee Ragged Kearsarge Greenway Coalition

The SRKCG, founded in 1993 is a nonprofit, all volunteer organization dedicated to promoting hiking and land conservation. The Greenway is a 75 mile long loop trail that includes sections of trails in 4 state parks, 3 state forests and one wildlife management area. These lands are linked by Greenway trails on municipal and privately-owned properties and pass through ten area towns including Wilmot. Conservation easements on some of these private lands help to guarantee the future of trails so vital to the area's quality of life and our tourism economy.

With about 200 members, the SRKG Coalition is a thoroughly community-based organization governed by an active Board of Directors which oversees trail work, a newsletter, a web site and a trail guide book. The Board sponsors hikes as well as an annual March meeting with a guest speaker and pot-luck supper.

The SRK Greenway sponsors a *Fall Walkabout* every year on Greenway trails, and additional hikes are planned for the summer and winter months. SRKG members maintain the trails and town directors are responsible for trail maintenance in their towns. Membership is \$10 for an individual and \$15 for a family. A guidebook for the trails can be purchased at Morgan Hill Bookstore and Village Sports, both in New London.

A large section of this trail runs through

Springfield from the end of North Road in Sunapee, along Deer Hill Road, through Star Lake Farm, then across Route 114 and through portions of the Gile State Forest over Webster Pass Road, then over Royal Arch Hill to Twin Lake Villa.

During 2013, a grant from the Quabbin-to-Cardigan (Q2C) Partnership enabled us to advertise trail work days monthly in area publications, purchase tools and durable plastic blazes, and bring an expert trainer from the Appalachian Mountain Club to teach rock-moving skills. Q2C advertising brought more volunteers to help area Conservation Commissions with trail maintenance: in New London at Phillips Preserve; in Sutton, clearing a new trail on King Hill; in Bradford repairing a bog boardwalk; and brushing Fisherfield Park trails in Newbury.

Along the Greenway, our project days included clearing water bars on the Summit Trail in Mount Sunapee State Park; installing Greenway blazes in Sunapee, and building a short switchback trail on Ragged Mountain. On Mount Kearsarge, the SRKGC hosted a crew from the Student Conservation Association (SCA) who worked for two weeks in July improving the Barlow Trail in Winslow State Park.

The web site www.srkg.org, has been completely updated this year. It has maps of all 14 trail sections. There one will also find hiking

schedules, landowner information and links to other hiking trails in New Hampshire.

New members are welcome. To join, please visit the website or contact your Springfield Town Directors at Chiarella Law Office at 300 Nichols Hill Road, Springfield, 763-5879.

Respectfully submitted
Susan and Michael Chiarella
Town of Springfield Directors

Report of the Superintendant of Schools

It is an honor and a privilege to have this opportunity as your Superintendent of Schools to contribute to this 47th Annual Report of the Kearsarge Regional School District.

In June we said goodbye to a wonderful Senior Class who were truly pioneers in many of our school district initiatives. They were the first graduating class in recent memory to have experienced a new major initiative in each of their four high school years. As freshmen they were part of an Academic Team, as well as presenting the first World Tour Project. During their sophomore year they were part of the Decades Project, during their Junior year they worked toward accumulating 20 hours of Community Service as a graduation requirement, amassed 21 credits to qualify for a KRSD Diploma, and as seniors were the first group required to present a capstone “Senior Project” that allowed them the opportunity to work with community mentors to pursue a special area of interest.

June also meant the departure of a number of staff members who had a combined 186 years of experience in serving the children and families of our school system. The high school said goodbye to Ernie Mills, Shannon Potts, AnnaMaria Ash, and John Woodward. The Middle School saw Emily Campbell and Rob O’Neil leave for retirement. KRES-New London watched 91 years of experience retire when they said goodbye to Marcia Harrison, Sue MacAllister, Peg Theroux, and Lisa Lull. We

are a richer school district for the years of dedicated service performed by these individuals to our students and families.

The Kearsarge Adult Diploma Program graduated its 340th graduate since the program's inception over ten years ago, and the Director's torch was passed from Beth Stern to Amanda Downing. Our educational community is commended on providing this learning opportunity for the adult population in area towns who choose to complete some "unfinished business."

In August, we welcomed nine new staff members to the district. At KRHS, Randy Wormald (Math), Lauren MacLean (English), and Christine Haley (Music) joined the staff. The Middle School welcomed Elizabeth Manchester-Murphy (Special Ed.) and Michelle Marzelli (English Speakers of Other Languages). KRES-NL opened its doors to Taylor Fluery (Guidance); Stephanie Laurendeau (Nurse) joined the KRES-Bradford staff, Shelbie Connor (grade 5) and Tracy Mingarelli (grade 2) signed on at Simonds School.

Our student enrollment in the Concord Regional Technical Center has grown to 36 students participating in programs in Automotive Technology, Construction, Cosmetology, Culinary Arts, Health Sciences, Exploring Teaching, Criminal Justice, Graphic Arts, Information Technology, and Fire Sciences. As a result of our various offerings and opportunities to connect with our students and meet their needs, our drop-out rate

continues to be among the lowest in the state, and graduation rate among the highest.

During the development of the 2013-2014 budget, the School Board approved the transition to Full Day Kindergarten throughout the district, the implementation of a position of a Blended Learning Coordinator at KRMS and renovations to accommodate an expanding student enrollment in the James House Pre-School. The James House renovations also paved the way to offer an In-District program at the Secondary level to assist behaviorally challenged students make successful transitions to regular education programs. The program helps contain Special Education out of district placement costs while providing students and families with a free and appropriate education close to home.

Simonds School students have a renovated play area, and received a visit from the Commissioner of Education. KRES-New London implemented a new traffic pattern at the beginning of this school year, and KRMS and KRES-Bradford found themselves with familiar, but different faces, as Principals Don West and Jim Spadaro returned to their original schools after a three year looping experience. This experience found both leaders expanding their professional efficacy by working at different levels of the organization, and learning more about developing successful transitions for students and families.

KRES-New London and Sutton Central shared the administrative time of Principal Steve Potoczak and

Assistant Principal Kelly Collins. The District is appreciative of these administrators who have accepted an additional work load to allow funding to be targeted toward contracting the services of professional classroom observers. This additional help allows every teacher in our district to be observed annually for approximately three hours of formal and walk through observations. This initiative is important in supporting and connecting, instruction and learning in the district.

Our Balanced Scorecard that illustrates trends over several years, in state testing, PSAT, SAT, and Advanced Placement performance of students, graduation rates, school nutrition program participation, budget accuracy, facilities management and attendance data among other topics, is accessible from our district homepage www.kearsarge.org.

Through a variety of surveys of staff, students, parents and community members at large, we gather data to continually assess or performance and improve our work. We are not without our faults, and always believe that we can do better. We welcome your thoughts and suggestions.

Thank you for the opportunity to serve you,

Respectfully submitted,

Jerry Frew
Superintendent of Schools

UPPER VALLEY LAKE SUNAPEE REGIONAL PLANNING COMMISSION

The Commission has been providing professional planning assistance to municipal boards since 1963 when it was the Upper Valley Development Council. The Commission is one of nine regional planning commissions (RPCs) in New Hampshire created to coordinate all aspects of planning, act as a liaison between local and state/federal agencies and provide advisory technical assistance on land use issues and development. We serve 27 communities from Piermont to Charlestown along the Connecticut River and from Wilmot to Washington to the east.

Revenue for the Commission was \$1,148,364 for FY13. About 16% of last year's revenue was received through local contracts with municipalities over and above dues, demonstrating the need and value of services. Currently, 93% of the municipalities within the region are members of the Commission. About 25% of Commission revenue came from the Unified Planning Work Program utilizing Federal Highway Administration funding through the NH Department of Transportation. Other state and federal funding sources include USDA Rural Development, EPA funding distributed through NH Department of Environmental Services and FEMA through the NH Department of Safety - Homeland Security and Emergency Management. Less than 1% of the Commission revenue was received from state resources through the NH Office of Energy and Planning.

Local dues from municipalities support just under 9% of the budget. In FY13, member communities and counties provided membership dues that allowed the Commission to leverage approximately \$632,751 in federal funding to assist municipalities within the region.

10 Water Street, Suite 225, Lebanon, NH 03766 phone:
603-448-1680 email: info@uvlsrpc.org

The Commission consists of representatives appointed by the leadership of each member municipality or county. Each municipality that is a member of the Commission is entitled to two representatives to the Commission. Municipalities with a population of over 10,000 but less than 25,000 are entitled to have three representatives on the Commission. Counties are entitled to two representatives as well. ***The Town of Springfield is currently represented by Kevin Lee and George McCusker.***

In FY 13, the Town of Springfield received 252.75 hours of technical assistance service as a member. Membership dues for the Town of Springfield in FY 13 were \$1,637.44. The Town saved \$5,722.10 by being members of the Commission this year.

The Commission was engaged in over 46 projects within the region this year and has increased its capacity to serve the communities of the region. Please visit our website www.uvlsrc.org to view projects currently underway and those recently completed.

Please feel free to contact us at (603)448-1680 or email me at cfrost@uvlsrc.org to share your thoughts.

Sincerely,
Christine Frost
Executive Director

Town of Springfield Zoning Board of Adjustment

The Zoning Board of Adjustment is an appeals Board for those seeking relief from the Zoning Ordinance and/or other governmental decisions. The Board typically hears applications for Variances, Special Exceptions, and/or Equitable Waivers from the Zoning Ordinance and consists of five elected Board members and three Alternates who are appointed by the Board. (The function of an Alternate is to serve in place of an elected member when that member is absent.)

This year Susan Chiarella was elected Chairperson and Bryan O'Day was elected the Vice Chairperson. Kathy Richardson (an elected Board member) resigned her position and B. Manning was appointed to fill out the 2012-13 year in her place. Gene Hayes and Justin Hastings serve on the Board as elected members. Karen Cook, Pete Abair and Cynthia Hayes serve as Alternates. Terms of elected and appointed members can be found at the beginning of this report. Susan Abair provides secretarial support, processes applications, notifies abutters, advertises hearings and takes minutes of the meetings.

In 2013 the Board heard and acted on the following applications:

Date: February 20, 2013

Application for a variance – Article IV, Section 4.13 - from William and Suzanne Keller for the construction of a septic system within the wetland

boundary of McDaniel's Marsh. Property located on George Hill Road (Map 43 Lot 276-235).
GRANTED

Date: June 20, 2013

Application for a Special Exception – Article XI, Section 2 – from Todd Longley to conduct a commercial home business. Property located at 78 Town Farm Road (Map 29, Lot 538, 322).

GRANTED

Date: July 2, 2013

Application for a Special Exception – Article VII, Section 13 – from Bryan O'Day to add onto an existing non-conforming structure. Property located at Stryker Road (Map 8, Lot 360, 362).

GRANTED

Date: July 16, 2013

Application for a Special Exception – Article XI, Section 2 – from Michael Hansen Properties, LLC, amending decisions made in 2012 – to allow a Boat Storage facility on subject property. Property located at Lot 1, Hansen Road (Map 8, Lot 803, 020). **GRANTED**

Date: August 13, 2013

Application for a Variance – Article IV, Section 4.10 – from Mark Brunelle, agent for Edythe Dexter to replace an existing structure with a single family residence and/or a Special Exception from Article 3, Section B.2 for same AND a Variance from Article IV, Section 4.12 to install an advanced wastewater septic system within wetland buffer. Property located at 378 Stoney Brook Road (Map 9, Lot 120, 030). **GRANTED**

Date: October 22, 2013

Request to rehear (review) Brunelle application by Board of Selectmen. No new application submitted.

GRANTED

Minutes of meetings, notices and decisions which contain specific conditions relative to the decisions made are on file at the Town Office and are available for public inspection.

The Zoning Board typically meets on the first Tuesday of the month at 7:00PM in the Town Office Building. All meetings are open to the public and the curious are encouraged to attend.

Respectfully,

Susan Chiarella, Chairperson

Summary of Town Meeting 2013

TOWN WARRANT – 2013
TOWN OF SPRINGFIELD, NEW HAMPSHIRE
TOWN MEETING
TUESDAY, MARCH 12, 2013 11 A.M. TO 7 P.M.
SATURDAY MARCH 16, 2013 9:30 A.M.

Article 1

To choose all necessary Town Officials for the year ensuing.

NOTE: By law, the meeting must open before voting starts. Therefore, the meeting and polls will open at 11 o'clock on Tuesday, March 12, 2013 for the consideration of Article 1. At 12:00 noon the meeting will recess, but the polls will remain open until 7:00 p.m. The meeting will reconvene at the Town Hall on Saturday, March 16, 2013, at 9:30 a.m. to act on Articles 2 through 8.

March 12, 2013

Moderator Richard Kipperman opened Town Meeting at 11 AM and the polls were opened. At 12 Noon, he recessed the meeting until Saturday March 16, 2013 at 9:30 AM. The polls remained open for voting until 7 PM.

Moderator Richard Kipperman reopened Town Meeting March 16, 2013 at 9:30 AM to begin voting on Articles 2-8. Mr. Kipperman introduced the people on stage and recognized outgoing Selectman, John Chiarella for 6 years of service to the town. Mr. Kipperman announced the rules that the meeting would follow for the day.

Article 2

To see if the Town will vote to raise and appropriate the sum of up to Ninety Nine Thousand Dollars (\$99,000) to purchase and equip a multi-use rescue vehicle for the Fire Department and to authorize the issuance of not more than \$99,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to appropriate the sum of Eight Thousand Six Hundred and Five Dollars (\$8,605) for the first year's payment.

The Selectmen and Budget Committee recommend this appropriation 2/3 Ballot vote required

Motion: Kenneth Jacques

Second: Brandt Dennison

Selectman John Chiarella explained article. Bernard Manning from Budget Committee spoke and asked for a yes vote on this.

Paper ballot and the voting will stay open for 1 hour.

At 10:40AM the polls were closed for voting on Article #2: Yes: 79 No: 15 The article passed.

Article 3

To see if the Town will vote to authorize the selectmen to enter into a three-year lease agreement for Thirty Five Thousand, Nine Hundred, Forty Dollars (\$35,940) (gross budget) for the purpose of leasing and equipping a police cruiser for the Police Department, and to raise and appropriate the sum of Twelve Thousand, Six Hundred, Eighty Five

Dollars (\$12,685) for the first year's payment for that purpose. This lease agreement contains an escape clause.

The Selectmen and Budget Committee recommend this appropriation

Yes or No – Majority Vote

Motion: Todd Fleury

Second: Brandt Denniston

Selectman Leigh Callaway explained the article. Bernard Manning of the Budget Committee spoke and asked for a yes vote.

Voice vote taken. The article passed.

Article 4

To see if the Town will vote to raise and appropriate the sum of up to Thirty Thousand Dollars (\$30,000) for the purpose of supporting the Planning Board's effort to complete a comprehensive assessment of the Town's wetland regulations. This appropriation is contingent upon receiving a grant from the New Hampshire Housing Finance Agency's Community Planning Grant Program in an amount up to \$30,000, with no amount to be raised by taxation.

Explanation:

The 2005 Springfield Town Plan identifies protection of natural resources, including wetlands and wetland buffers as important natural resources contributing to the quality of life and rural character of the town. This grant application is part of an ongoing process by the Planning Board to support the Town Plan.

The Selectmen and Budget Committee recommend this appropriation

Yes or No – Majority Vote

Motion: Brandt Denniston

Second: Kevin Lee

Selectmen Donald Hill explained the article. The Grant has already been approved.

Voice vote taken. The article passed.

Article 5

To see if the municipality will vote to raise and appropriate a sum of up to Nineteen Thousand Dollars (\$19,000) for the purpose of steeple preservation and repair and painting windowsills at the Town Hall; this sum to come from the unreserved fund balance with no amount to be raised through taxation.

The Selectmen and Budget Committee recommend this appropriation

Yes or No – Majority Vote

Motion: Gerald Cooper

Second: Theresa Quinn

Selectman Leigh Callaway explained this article. The grant has been applied for.

Voice vote taken. The article passed unanimously.

Article 6

To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) for deposit in the Old Home Day Expendable Trust Fund in accordance with RSA 31:19-a; with said funds to come from the unreserved fund balance with no amount to be

raised from taxation; (this represents proceeds collected in 2012 by the Old Home Day Committee).

The Selectmen and Budget Committee recommend this appropriation

Yes or No – Majority Vote

Motion: Nyla Waddell

Second: Brandt Denniston

Selectman John Chiarella explained this article.

Voice vote taken. The article passed unanimously.

Article 7

To see if the Town will vote to raise and appropriate the Budget Committee recommended sum of One Million, Two Hundred Thirteen Thousand, Seven Hundred and Fifty Five Dollars (\$1,213,755) for general municipal operations. This article does not include special or individual articles addressed.

Yes or No – Majority Vote

Motion: Frank Anderson

Second: Russell Lebrecht

Discussion followed.

Voice vote taken. The article passed unanimously.

Article 8

To hear the reports of agents, auditors, and committees heretofore chosen, to pass any vote relating thereto, and to transact any other business that may legally come before said meeting.

Yes or No – Majority Vote

Motion: Russell LeBrecht

Second: Brandt Denniston

Susan Chiarella, a member of the Zoning Board, announced that the Board will have openings for 2 alternates and welcomes others to come to the meetings.

Richard Kipperman thanked Bill Sullivan (Zoning Board) and Linda Welch (Cemetery Trustee) for their years on the Boards.

Moderator Richard Kipperman asked for any other business. There was none. He called for a motion to adjourn the meeting.

**Motion: Gerald Cooper
Second: Frank Anderson**

Meeting adjourned at 10:45 AM.

Given under our hands and seal this 12th day of March,
in the Year of Our Lord, Two Thousand and Thirteen.

John J. Chiarella, Chairman
Donald W. Hill, Vice-Chairman
Leigh Callaway
Springfield Board of Selectmen
