**Town Lots:**

Marla, Tim and Daphne walked the new Kinsley trail one noontime. There was evidence that moose were frequenting the trail. One fallen tree that was blocking the trail was moved.

Daphne talked to Janet Roberts to see what other information is available in the town's files about the cut that was done on the Kinsley. Bruce has done a word search on all of his MS-WORD documents and put together a copy of the files pertaining to the Kinsley lot. He will share that with Daphne.

Daphne recently walked the informal trail on the Brooks lot and saw evidence that the moose are browsing in the patch cut.
