

**Conservation Commission  
Memorial Building**

**August 7, 2014  
7:00 p.m.**

*Note: These minutes are to be considered draft minutes until approved by the Conservation Commission.*

The meeting was called to order at 7:05 p.m. by Bruce Allen.

Members present: Bruce Allen, Daphne Klein, Bob Ruel, and Cynthia Bruss (alternate). Also present: Marilyn Priest.

The minutes of 6/5/14 were approved as written. For the minutes of 7/3/14, Cynthia suggested that the sentence following “**McDaniels Marsh:**” should be amended to read: *Cynthia reported that there has been no further word from Fish and Game regarding cutting trees near the dam.* The minutes of 7/3/14 were then approved as amended.

**Brooks Lot:** Bruce and Cynthia will plant the four crabapple trees that remained at the end of Old Home Day in the opening of the Brooks lot. They will also try to put up more of the boundary markers when they can. There is still interest in putting in a walking trail on the lot.

**Kinsley Lot:** Bruce will talk with Brooks Weathers about marking the trees that are to be cut.

**Outreach:**

- **Old Home Day:** CC members felt they had some good conversations with people stopping by the CC booth and that it was worth having a booth again next year. In fact, Marilyn Heath came to this meeting as a direct result of talking to CC members there.
- **Kearsarge Regional High School community service opportunities with the CC:** Cynthia will get back in touch with KRHS to see exactly what they would like from the CC in order for high school students to do community service hours with the CC.

**Action items:**

- **Bruce will talk to Brook Weathers re: Kinsley lot.**
- **Cynthia will talk to KRHS re: community service hours.**

The meeting ended at 7:38 pm.  
Respectfully submitted,

Daphne Klein  
Secretary
